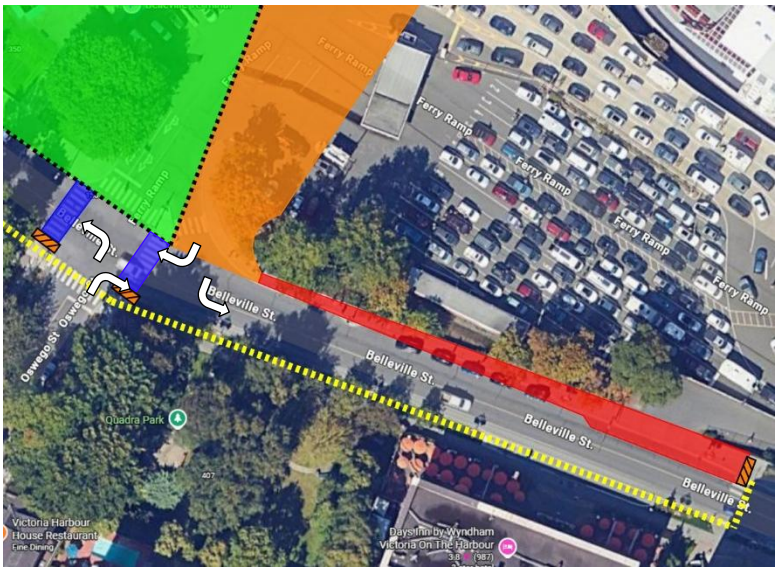
February 11, 2026

Construction Impact Notification
Belleville Terminal Redevelopment



As construction of the Belleville Terminal progresses, a new traffic pattern will be established at the intersection of Belleville Street and Oswego Street. Associated construction activities are ongoing, and the traffic pattern will be implemented on **February 18, 2026**.

To ensure roadway user safety, the Oswego and Belleville Street intersection will become a 3-way intersection, with access to Black Ball ferry vehicle lot via Belleville Street only.

Pedestrians will continue to use the existing detour on the south sidewalk of Belleville Street (**shown in yellow**). The two north-south pedestrian crossings at Oswego Street (**shown in blue**) will be removed for the duration of the project.

What to Expect

Timing

- Traffic change beginning February 18, 2026.

Hours of Work

- NA

Traffic

- New vehicle traffic pattern for vehicles entering the Black Ball ferry lot.
- Change in alignment between the terminal entrance and surrounding roads at Belleville Oswego Street intersection.

Impacts

- Access to Black Ball ferry vehicle lot off Belleville Street only.
- Removal of crosswalks at the Belleville Street and Oswego Street intersection.

Thank you for your patience and understanding while we complete this important work.
